

Parking Adjustments for Student/Evening Parking due to Construction on Main Campus

With the Student Center Campus Construction now beginning, parking availability on main campus has been greatly reduced. We have lost over 450 spaces to this project. Changes were necessary to ensure the business of the university can be maintained. Additional Parking Control Officers have been hired and parking regulations will be strictly enforced.

Please take note of the following changes to parking below that will affect students and evening parkers on campus:

- Resident and Commuter Students can no longer park in the A1 or B1 zones on main campus from 7am to 7pm. All A1 and B1 zones are now only for A1 and B1 permits from 7am – 7pm.
 - Commuter Students with their C2 or B4 permits will have to continue to park at the Minges Park and Ride lot and ride the bus onto campus. Students residing at apartments on an ECU Transit route are also encouraged to utilize the transit system. Please reference ECU Transit's list of additional routes further down in this document.
 - Resident students must remain in their respective lots.
 - After 7pm, Resident and Commuter Students can park in either the A1 or the B1 lots on main campus but they **must** have a valid permit at that time. Student Access to the Core Campus for student services is provided by ECU Transit or limited use Pay by Space stations (locations and their limited space numbers are listed further below).
- Guests and visitors of residents will no longer receive permits to park in areas closer to residence halls. Guests and visitors of residents will be able to park at the Stratford Arms parking lot off Charles Blvd (across from the baseball field) and ride the bus in or utilize the limited spaces within our 5 Pay by Space Stations on main campus.
- All individual meters on main campus have been removed. Students and guests/visitors are welcome to utilize the limited spaces at any of the 5 Pay by Space Stations on main campus, which are located in the following areas:
 - On College Hill north of Scott Residence hall - (10 spaces)
 - East of the Rivers Building - (13 spaces)
 - At the corner of 5th Street and Harding St. - (43 spaces)
 - In the lot in between Jenkins Fine Arts and the Garret Residence hall - (13 spaces)
 - In the lot beside the Umstead Residence hall off 10th Street - (34 spaces)
- The Parking and Transportation office will no longer handle requests for ADA/Handicapped accommodations. The University now offers point to point access for approved individuals through a program called Pirate Access that is run by ECU Transit in conjunction with Disability Support Services and Student Health Services. Please visit their website for more information on the Pirate Access program: http://www.ecu.edu/transit/accessibility-pirate_access.cfm
- The Parking and Transportation office would like to take this opportunity to remind students of our Alternative Transportation programs: Pirate Bikes, Zimride and Carshare. More information can be found about these other transportation options on our website: <http://www.ecu.edu/cs-admin/parkingandtransportation/tdm.cfm>

Please be reminded that all parking on campus is by permit only or you are restricted to utilizing the spaces at our Pay by Space Stations. This will be strictly enforced. Pay attention to the signs at the entrance of the lots for information on authorized permits and time restrictions. Please contact Parking (parking@ecu.edu) or ECU Transit (transit@ecu.edu) with any questions or request for information.
