In addition to the meal plan options, Dining Services also has some amazing new dining options and utilizing innovation and technology to better serve our campus.

What's new in Fall 2023?

- Einstein's Bagels is bigger and better this year, opening this fall in its new location on the pedestrian pathway at Wright Place. For your convenience ordering kiosks have been added or customers can use the Grub Hub App to place your order.
- New to the Wright Place is "Just Baked Smart Bistro", our newest Food Robot. Just Baked offers White Castle Sliders, Potstickers, Bao Buns, warm Krispy Kreme Donuts and more.
- Yo-Kai was such a big hit we have added an additional location in the Pirate Market in the Galley.
- Todd Dining Hall, on College Hill, has had a refresh and added some new amenities! You'll find freshly squeezed orange juice at breakfast, and an espresso machine serving lattes, americano's and more of your favorite espresso-based coffee drinks. Todd's True Balance station has been expanded to include a build your own component. True Balance is a solution designed to accommodate guests who must avoid the top nine allergens: eggs, milk, peanuts, tree nuts, fish, shellfish, soy, sesame, and wheat/gluten.
- Our Starship Robots will be back out on campus beginning August 21st with Starbucks now available for delivery.
